Metal colours for legs

The leg can be ordered in the implementation on high-gloss chrome or powder-coated black. Please indicate when ordering.

**Leg and seat heights**

The model is available in different seat heights according to the different leg heights. The leg design has to be indicated.

**Castors for ottoman**

The ottoman can be equipped with castors for surcharge. Two of the castors can be fixed.

**Order information****Castors for ottomans:**

Every ottoman can be equipped with castors for surcharge. The item no. is "RO", then. Two of the castors can be fixed.

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Positioning diagram:

Please send us a positioning diagram, depending on the many different variations available. We have marked the connecting sides in red for some elements in the type guide.

Base leg Z:

If elements and sofas with or without an armrest are to be attached directly to elements or sofas with or without an armrest, a base leg Z is required. The base leg must be ordered separately. See price list.

Connecting sides:

For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

All dimensions given are approximate measurements in inches. We reserve the right to make changes. The dimensions are given in width/depth/height/seat height. The measurements refer to the foot height approx. 5 in.

Seat depth: approx. **25 in**

Front side armrest height: approx. **24 in**

Rear armrest height: approx. **23 in**

Armrest width: approx. **9 in**

Armrest depth: approx. **39 in**

Armrest depth long chair: approx. **56 in**

Dimensions of the group compositions:

In this model, the seat of the longchairs protrudes approx. 1 in to the side of the seat. Therefore, other dimensions result than by pure addition of the article dimensions. Please note.

Especially loose-fitting upholstery:

The upholstery of this model has intentionally been made especially loose to create a certain visual effect. The especially loose-fitting upholstery is characterized by an extremely soft surface. When being delivered, the cover shows a distinctive wave formation, which design- and constructionwise is being desired and can get more by usage. It is not a quality defect but a model-specific characteristic.

Information on the upholstery structure:

Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the seat and back. This can lead to depression of the individual chambers, which is a typical product characteristic.

Leg and seat heights:

Due to different leg heights, the model is available in different seat and total heights. The leg design has to be indicated.

Metal colours:

The leg is available in different metal colours. Please indicate when ordering.

Powder-coated:

The colour M99 black is powder-coated.

Legs and floor protection:

In case of very slender furniture legs with deliberately filigree shapes and with small surfaces, it comes to a raised pressure on the floor. We recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you barely move the furniture, it can be helpful to have a carpeted floor.

Castors for ottomans:

Every ottoman can be equipped with castors against surcharge. The item number is R0. Two of the castors can be fixed.
