glazed
steel **for surcharge** for ind.
armc.

Flexible headrest

Every article is equipped with stageless headrest adjustment for standard.

**Seat- /back adjustment**

The armchairs have a motorised seat- /back adjustment for standard.

For surcharge the function is available with battery pack.

Metal colours for legs

The leg can be ordered in the implementation high-gloss chrome or powder-coated black. Please indicate when ordering.

**Contrasting thread**

In some leather and fabric colours this model can be supplied with a contrasting-coloured thread, at no surcharge.

**Order information****Seam appearance:**

Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Contrasting thread:

This model is available in leather and some fabric colours with contrasting colour thread on request at no extra charge. You will find the specified colours on the cover sheet of the individual leather qualities in our fabric/leather trolley. Please always state the contrast thread number, otherwise it will be delivered tone in tone.

Please note: If the contrasting thread implementation is ordered, the tufting of the armchair M DR is produced without contrasting thread tone to tone.

All dimensions given are approximate measurements in inches. We reserve the right to make changes. The dimensions are given in width/depth/height/seat height. The swivel legs protrude. The dimensions are given excluding this protrusion.

Seat depth: approx. **22 in**

Seat depth with function: approx. **40 in**

Seat width front: approx. **20 in**

Armpart width: approx. **5 in**

Armpart height: approx. **24 in**

Crease formation:

Cover material stretches to a lesser or larger extent under the influence of body weight, which can lead to the formation of creases in the cover. This visual change does not affect use, function and life span and it is not a defect.

Rotary limitation:

The armchairs with stream supply by net cable are defeated by a rotary limitation to maximum 355° what serves for the protection of the net cable.

Adjustment by motor with battery pack:

Please pay attention that with using the adjustment by double motor with battery pack the battery has to be charged completely every 4 to 6 weeks, also if the function wasn't used regularly.

Order checklist

- Item no. and cover
- Seat- /back adjustment by motor with battery pack (surcharge)
- Leg design
- 4-spoke metal leg nickel satinized (surcharge)

Upholstered furniture made with passion.

Your model is the product of German design and engineering. The family-owned company W.SCHILLIG has more than 70 years' experience of technical skill, trend-setting ideas, attractive design and know-how from Germany. The result is upholstered furniture that guarantees first class comfort and attention to detail. We keep sustainability and protection of resources in mind when choosing the materials we use.

The RAL quality mark for furniture stands for the certain knowledge that this is a non-hazardous piece of furniture of reliably high quality and with an attractive design. The Deutsche Gütegemeinschaft Möbel makes sure of this with numerous tests. Inspections also safeguard the testing system.

The highest European accolade for systematic, in-house, environmental management. Improvement of environmental protection services.
