Composition:	NS: 74% polyacryl	26% polyester
	GS: 74% polyacryl	26% polyester
Scrub resistance:	★★★★	
Rub fastness (colour wear):	★★★★	
Light fastness:	★★★★	
Pilling behaviour:	★★★★	

Right reserved to make structural and colour changes!

★★★★ very good, ★★★ good

**Cleaning & Care:** with commercially available products

## Characteristics typical of the product:

- With light colours, colour migration can occur in combination with dark or intensive colour shades.
- Light patches occur on regularly used areas.
- Every flat woven fabric will become roughened during use.
- Pilling is unavoidable and can be caused by the adherence of clothing and other textile fibres.
- When in use patina and shiny patches must be expected.
- Loops caused by catching on sharp objects or Velcro strip are to be expected.
- Caution: If the material is of a light colour, soiling and jeans rubbing will show up faster and more clearly than on dark colours.

## Caution:

Discolouration caused by textiles are excluded from every manufacturer warranty.

This is not a fault in the material, but a defect in the clothing material. The complaint should be addressed to the clothing store where the article was purchased. The „polluter pays“ is the principle that applies here.
